Requires an alert to be issued if the Center receives a request that involves a missing person or missing child as described above, and at the time of receipt no more than 72 hours have passed since the person or child went missing. Requires the Center to make every effort to disseminate the information as quickly as possible when the person's or child's status as missing has been reported to a law enforcement agency, including procedures for the use of the Wireless Emergency Alert. Requires the Center to adopt guidelines and develop procedures for issuing a 90-day alert for missing persons and missing children as described above and provide education and training to encourage radio and television broadcasters to participate in the alert; prohibits making specific health information about the missing person or child public through the alert or otherwise. Enacts new GS 143B-1775 establishing the Ashanti Alert within the Center to provide a statewide system for the rapid dissemination of information on a missing person over 18 years of age that is suspected to have been abducted and there is both abductor and vehicle information available. Requires an alert to be issued if the Center receives a request that involves such a missing person and at the time of receipt no more than 72 hours have passed since the person went missing. Requires the Center to make every effort to disseminate the information as quickly as possible when the person's status as missing has been reported to a law enforcement agency, including procedures for the use of the Emergency Alert System and the Wireless Emergency Alert. Requires an alert to be issued if the Center receives a request that involves such a missing person and at the time of receipt no more than 72 hours have passed since the person went missing. Requires the Center to make every effort to disseminate the information as quickly as possible, including procedures for the use of the Wireless Emergency Alert. Requires the Center to adopt guidelines and develop procedures for issuing a 30-day alert for these missing persons and provide education and training to encourage radio and television broadcasters to participate in the alert.

Authorizes the following capital improvement projects, and their specified costs, to be financed as provided above: (1) UNC-Chapel Hill: Electrical Distribution System/Substations & Switchgear Upgrade, and Fetzer Hall Addition/Campus Recreation; (2) UNC-Wilmington Parking Deck III, and Student Housing Village - Phase III. Allows the Director of the Budget, at the request of the UNC Board of Governors and upon determining that it is in the best interest of the State to do so, to authorize an increase or decrease in the cost of, or a change in the method of, funding the projects listed in this act; allows consulting with the Joint Legislative Commission on Governmental Operations in deciding whether to make such changes.

Allows the UNC Board of Governors to issue, subject to approval of the Director of the Budget, at one time or from time to time, special obligation bonds of the Board of Governors for the purpose of paying all or any part of the cost of acquiring, constructing, or providing for the projects listed above. Caps the maximum principal amount of bonds to be issued at the amounts specified in the act plus 5% of such amount to pay issuance expenses, fund reserve funds, pay capitalized interest, and pay other related additional costs plus any increase in the specific project costs authorized by the Director of the Budget.

Filed Mar 3 2025, *AN ACT REMOVING BARRIERS TO JOB MOBILITY, EMPOWERING WORKERS TO NEGOTIATE BETTER WAGES, AND FOSTERING A FAIRER LABOR MARKET BY BANNING EXPLOITATIVE EMPLOYMENT PRACTICES AND AUTHORIZING THE LEGISLATIVE RESEARCH COMMISSION TO STUDY STREAMLINING OCCUPATIONAL LICENSING IN NORTH CAROLINA.*

Titles the act as the "Workforce Freedom and Protection Act."

Repeals Articles 10 (Declaration of Policy as to Labor Organizations) and 12 (Units of Government and Labor Unions, Trade Unions, and Labor Organizations, and Public Employee Strikes) of GS Chapter 95.

Adds new Article 24, including the following. Enacts new GS 95-275, which provides as follows. Makes it the public policy of this State that any contract that restrains anyone from exercising a lawful profession, trade, or business of any kind is to that extent void and unenforceable, except as provided below. Prohibits an employer in NC from: (1) entering into a non-compete agreement with an employee; (2) requiring an employee to enter into a non-compete agreement as a condition of employment; (3) enforcing or attempting to enforce a non-compete agreement; (4) threatening to enforce a non-compete agreement; and (5) in the case of a franchise operator, entering into an agreement that restricts an employee from moving between locations. Defines an employee as an employee providing labor or services to another for pay of less than \$75,000 per year. Allows a person injured by a violation of this statute to bring a civil action to recover actual damages, reasonable attorneys' fees and costs, and any other relief the court deems appropriate. Allows that the Attorney General may investigate violations and bring an action to enforce this statute. Sets out provisions governing choice of law and venue. Also defines non-compete agreement and no-poach agreement. Effective July 1, 2025, and applies to all non-compete agreements entered into on or after that date. Specifies that this does not apply to non-compete agreements entered into prior to the effective date, except that any attempt to enforce such an agreement after the effective date must comply with GS 95-275.

Requires the Legislative Research Commission (LRC) to review all occupations and professions in North Carolina that require a State-issued license with the purpose of identifying any occupational licensing requirements that are unnecessary or overly restrictive and to recommend changes to increase workforce freedom while protecting public health and safety. Requires the study to examine and evaluate, at least, the specified criteria for each licensed profession relating to public safety rationale, necessity and alternatives, impact on employment and economic opportunity, effects on consumers and competition, national comparison and best practices, regulatory overlap or redundancy, and outcomes and accountability. Requires the study to emphasize the following priority industries: construction trades, cosmetology, health-related professions, personal care services, and other fields where occupational licensing requirements may disproportionately impact small business creation and workforce entry. Requires engaging five specified stakeholders in the study. Requires the LRC to hold at least three public hearings, one in each geographic region of the State to gather public input and recommendations. Requires a public comment period of at least 90 days. Requires the LRC to consider and incorporate reforms implemented in other states that have successfully reduced licensing burdens while maintaining consumer protection standards. Requires that the LRC shall submit an interim report on the results of the study to the 2025 General Assembly when it reconvenes for the 2026 session and a final report to the 2027 General Assembly that requires specified information. Requires the NCGA to hold a public hearing on the LRC's recommendations within six months of receiving the final report.

H 270 (2025-2026) REVISE LAW ON THE DEATH PENALTY. Filed Mar 3 2025, *AN ACT TO REVISE THE METHODS OF EXECUTION AVAILABLE FOR A PERSON CONVICTED OF A CRIMINAL OFFENSE AND SENTENCED TO DEATH.*

Repeals GS 15-187, which abolished death by electrocution and death by the administration of lethal injection.

Amends GS 15-188 to now require that any person convicted of a criminal offense and sentenced to death be executed in accordance with this statute and Article 10 (execution). Allows the warden of Central Prison to obtain and employ the drugs necessary to carry out the provisions of this Article, regardless of contrary provisions in GS Chapter 90. Requires that a person convicted of a criminal offense and sentenced to death be executed by electrocution or, at the person's election, by firing squad or lethal injection, if it is available at the time of election, under the direction of the Secretary of the Department of Adult Correction. Sets out requirement for the timing of electing death by electrocution, firing squad, or lethal injection. Provides that if the convicted person waives the right of election, then the penalty must be administered by electrocution. No longer requires the superintendent of the State penitentiary to prepare the injection, administer the preinjections, insert the IV catheter, and perform other tasks required for the procedure. Requires the Secretary of the Department of Adult Correction, upon receiving the notice of execution, to determine and certify by affidavit under penalty of perjury to the NC Supreme Court whether the methods provided above are available. Requires a person convicted of a capital crime and sentenced to death prior to the statute's effective date to be administered death by electrocution, unless the person elects death by firing squad or lethal injection, if it is available, in writing 14 days before the execution date. Provides that if execution by lethal injection under this statute is unavailable or is held to be unconstitutional by an appellate court of competent jurisdiction, then the manner of inflicting a death sentence must be by electrocution, unless the convicted person elects death by firing squad. Sets out provisions governing the location of the execution. Requires the Department of Adult Correction (Department) to give convicted persons written notice of the person's right to election under this statute and the available methods. Requires the Department to establish protocols and procedures for carrying out executions.

Makes conforming changes to GS 15-188.1 (Health care professional assistance), GS 15-190 (concerning monitoring and carrying out of an execution), and GS 15-191 (Pending sentences unaffected).

Includes a severability clause.

Amends GS 143-166.2 by expanding upon the definition of *killed in the line of duty* as it applies to the Public Safety Employees' Death Benefits Act, to provide that when the death of a firefighter occurs as a direct and proximate result of any cancer diagnosis that qualified the firefighter for benefits under the Firefighters' Cancer Insurance Program and because of which benefits under that program were received, then that firefighter is presumed to have been killed in the line of duty.

Enacts new GS 58-86A-10, deeming any firefighter having received a benefit under the Firefighters' Health Benefits Pilot Program as having received benefits under the Firefighters' Cancer Insurance Program.

Amends GS 58-86A-1 by adding that the Firefighters' Cancer Insurance Program (Program) is a permanent continuation of the Firefighters' Health Benefits Pilot Program. Requires DPI to summarize the certifications in a consolidated report by January 15 annually to the specified NCGA commission and committee.

Amends GS 115C-12(9c) by prohibiting the State Board of Education from approving, providing, recommending, or requiring professional development that is prohibited by GS 115C-76.210.

Amends GS 115C-270.30 by prohibiting awarding continuing education credit for professional development that is prohibited by GS 115C-76.210.

Identical to [S 194](#), filed 2/27/25.

Under current law, GS 115C-84.2(d) provides authority to local boards of education to determine the opening and closing dates for public schools under GS 115C-84.2(a)(1).
